

Free flu shots were popular at the 2018 National Night Out event sponsored by Union Health.

2018 Community Benefit Report

As a not-for-profit healthcare provider, Union Hospital, Inc. provides compassionate healthcare of the highest quality to residents of west central Indiana and east central Illinois, regardless of their ability to pay. We reinvest excess revenues to:

- Provide state-of-the-art services such as advanced diagnostic imaging, telemedicine, sophisticated cancer detection and diagnosis, cardiovascular testing and more.
- Meet the needs of rural residents through the Richard G. Lugar Center for Rural Health, the Clay City Center for Family Medicine, the Rural Health Innovation Collaborative (RHIC) and Union Hospital Clinton.
- Provide care and public health education to those in need like the diabetes and pre-diabetes support groups, as well as childbirth and breast feeding classes. We also organize several free community health fairs like the Senior Expo, Community Baby Shower, and Community Connect that allow one-on-one interaction with Union Health clinicians.
- Educate health professionals, strengthen community partnerships, foster economic development and advocate for community healthy improvements.

2018 Financial Overview

| | | |
|-----------------------------------|--|---------------------|
| COMMUNITY BENEFIT | Community Health Improvement Services & Community Benefit Operations | 1,472,893 |
| | Financial & In-Kind Contributions | 154,891 |
